

Global University (GU), the largest Distance Education Theological University in the world, and Global Teen Challenge (GTC) have forged a partnership that allows Teen Challenge centers around the world to use any of the GU evangelism and discipleship materials free of charge by simply downloading the materials from their website in English, Spanish, French and other languages. This agreement includes all of the Christian Life books that were designed for new Christians; the Christian Service books designed for more mature Christians and Christian leaders. There are also other evangelism and specific teaching materials. To obtain these free downloadable materials, go to the GU website, www.globalreach.org and choose the materials you want in your language. **Most of these materials are available in multiple languages.** Then download the materials and use them in any way you want. This free material will assist TC centers in

- evangelism (Great Questions of Life materials)
- the discipleship of TC students (Christian Life materials)
- to train staff and students in the later stages of the program (Christian Service materials)

Global Reach website: <http://www.globalreach.org/>

Accredited University Training and Degrees Global Teen Challenge has partnered with Global University to provide the opportunity for the education of TC students and staff using GU university level Bible and Theology materials. GU has full accreditation through the North Central Regional Accreditation Association. GTC has signed an agreement with GU to offer university level courses for accredited university credits delivered through distance learning.

In the USA, TC students and staff can register for GU courses through Teen Challenge Emerging Leaders College in Jesup, GA. (see contact information below) For those outside the USA who are interested in obtaining university courses, GU has offices throughout the world that offer both discipleship and university level courses at discounted prices. TC students and staff can contact the local GU office in their country to obtain information on which courses are available in their language. The cost for these courses is very reasonable.

For more information on how to obtain the GU free materials or register for a university course through GTC please contact our **GU representative, Daryel Erickson** at the GTC office by phone 1-706-576-6555 or by e-mail at derickson@globaltc.org He will do all he can to help you.
