All of the teacher training materials required for this teacher certification can be purchased or downloaded from the PSNC website: [www.PSNCweb.com](http://www.PSNCweb.com).

If you do not have the PSNC student materials required for this part of the training you can order them from the Teen Challenge USA office. The four textbooks used for this certification course should also be at your place of ministry. If you do not have them, please order them from the Teen Challenge International, USA Curriculum office or through your local bookstore.
